Organic Acai

Known to have highest ORAC value, as well as incredible weight loss and cleansing properties.

Organic Goji

Counteract physical effects of stress, cell adaptogen which is nutrient-dense, and revered as most potent anti-aging berry.

Organic Noni

Strong immune building and anti-inflammatory properties, and high antioxidant, anti-fungal, i.e., protector of cells.

Organic Mangosteen

Energy booster and countless health benefits with xanthenes, a very special antioxidant phytonutrient.

Organic Pomegranite

Most studied super fruit of our time, most nutritious, and especially known for keeping healthy cardiovascular and blood sugar levels.

Scientists now indicate it is actually healthier to consume smaller does of a variety of antioxidants than it is to absorb mega-dosages from a single source.

SuperReds is a proprietary blend of quality controlled top, organic super fruits.

Organic Blend also includes: Raspberry, Blackberry, Blueberry, Papaya, Citrus Pectin, Grape Seed, Stevia
